## Biography

Dr. Naveen is a senior healthcare leader and ENT surgeon with over 30 years of experience across clinical practice, hospital operations, and medical leadership. His expertise spans tertiary care, oncology services, international healthcare, and hospital projects, with a strong focus on quality care, patient safety, and sustainable growth. Prior to joining HCG, he served as Director - Medical Services -Group Oncology & International at Apollo Hospitals and has previously held leadership roles at Healthcare Global and Sowparnika Healthcare Enterprises. He holds a master's in health administration from the University of New South Wales (UNSW) and a post-graduation qualification in ENT from Manipal Academy of Higher Education.

## About the Organization

HealthCare Global Enterprises Ltd, headquartered in Bangalore is India's largest Cancer Care Provider. A physician-led initiative that owns and manages a network of 22+ cancer centers, 4 Multispecialty centers and 8 Day Care Centers nationwide. HCG also deals with clinical research and R&D. For over thirty-four years Health Care Global Enterprises has been defining the future of cancer care in India by designing, building and managing cancer centers with a steadfast vision - to transform cancer care environment by bringing core clinical services to one central place. The intent of this single place is to help patients achieve longer, better lives - and to improve cancer care one center at a time.
